

Boost Mobile Fundraising For Your Charity

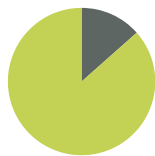

Charities and NGOs who recognize the importance of mobile fundraising, partner with Help Texts to deliver mental health, grief, and caregiver support that builds the donor trust and engagement they need to drive their mission.

With nothing to download or install, Help Texts makes it easy for charities and NGOs to deliver clinically sound, tailored support via text message. Texts are curated from the wisdom of over 100 world-leading experts, including therapists, nurses, doctors, thanatologists, neuroscientists, and mental health specialists.

We Make It Easy To:

SCALE YOUR REACH

- Deliver care nationally and globally
- Provide support and engage with people in 27 languages

INCREASE ACCESS TO CARE

- Reduce barriers to care, including geography, staffing shortages, and stigma
- Deliver tailored care for Veterans, teenagers, older adults, and other hard to reach populations

DELIVER STRONG DATA TO DONORS

- Survey participants and gather valuable data through low-friction feedback tools
- Enjoy 24/7 access to real-time feedback and analytics in your own data dashboard

Eliminate waitlists and deliver immediate support for:

- Mental health challenges including depression, anxiety, loneliness, burnout, and thoughts of suicide
- Health and Well-being
- Grief support for loss of loved ones
- Pregnancy loss support tailored to miscarriage, stillbirth, and medical termination
- Pet loss support for the often-overlooked grief of losing animal companions
- Caregiver support for people caring for a loved one with a serious illness
